

CONFIGURING AUTO-UPDATES IN WINDOWS

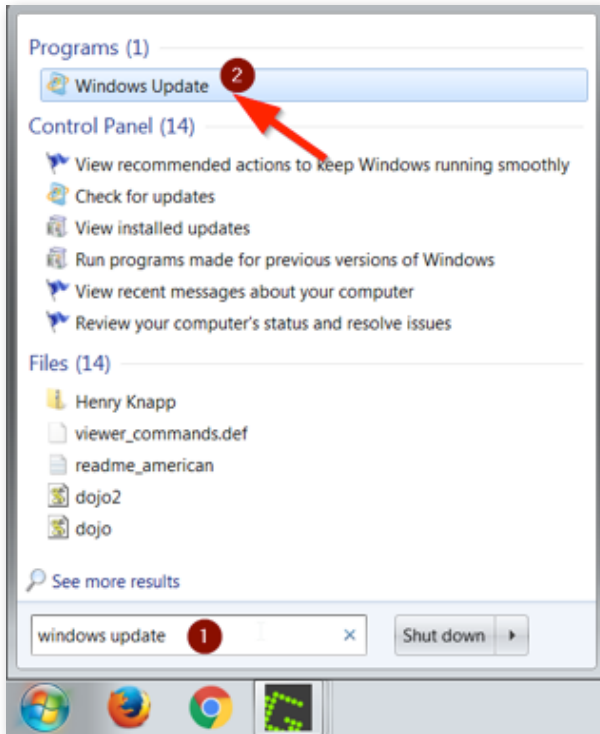

FIGURE A

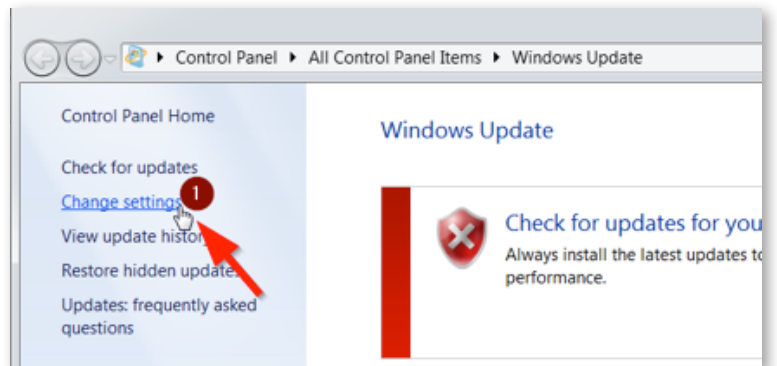

FIGURE B

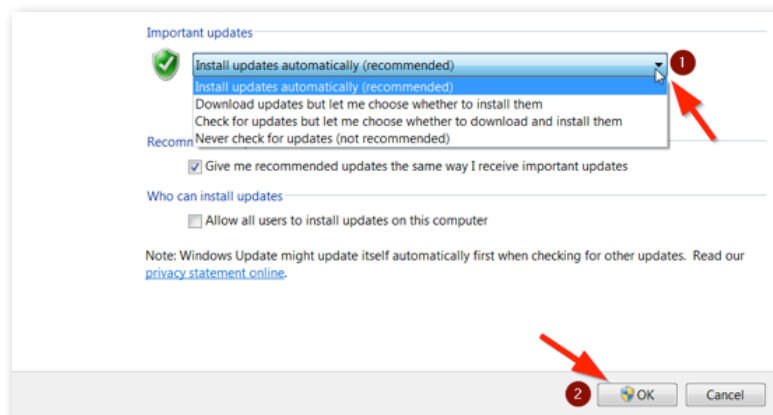

FIGURE C

1. Click the windows start button, & type “windows update” in the search field. Select “Windows Update” at the top, as seen in Figure A. Click “change settings” on the left side of the window as seen in Figure B. Click the drop down arrow & select “Install updates automatically”, then click OK at the bottom, as seen in Figure C. You’re done.
